

Future Department of Biology Course Offerings (Tentative)

Summer 2010

BIOL-208 Mammalian Physiology
BIOL-390 Molecular Biology

Fall 2010

Courses for non-majors

BIOL-007 Ecology and the Oceans
BIOL-009 Biology of Drugs and People
BIOL-013 An Issues Approach to Biology

Courses for majors

BIOL-101 First-Year Seminar in Biology
BIOL-103 Foundations in Biology I
BIOL-152 Genetics
BIOL-180 Ecology
BIOL-208 Mammalian Physiology
BIOL-355 Forest Ecology
BIOL-358 Immunobiology
BIOL-359 Dynamic Process in Biological Physics
BIOL-361 Science & Society: Global Challenges
BIOL-372 Introduction to Parasites
BIOL-363 Cell Biology
BIOL-375 Plant-Animal Interactions
BIOL-376 Developmental Neurobiology
BIOL-XXX Neurological Disease and Dysfunction
BIOL-XXX Molecular Membranes

Spring 2011

Courses for non-majors

BIOL-008 Ecology and the Environment
BIOL-016 Forest Ecology

Courses for majors

BIOL-104 Foundations in Biology II
BIOL-151 Biological Chemistry
BIOL-194 Biology of Global Health
BIOL-195 Neurobiology

BIOL-226	Animal Behavior
BIOL-251	Evolutionary Processes
BIOL-268	Global Climate Change Ecology
BIOL-330	Science Pedagogy: Principles and Practices
BIOL-354	Synaptic Transmission
BIOL-362	Shaping National Science Policy
BIOL-364	Microbiology
BIOL-371	Introduction to Virology and Viral Diseases
BIOL-373	Developmental Biology
BIOL-374	Developmental Biology Laboratory
BIOL-379	Genomics and Bioinformatics
BIOL-390	Molecular Biology
BIOL-403	Marine Biology
BIOL-XXX	Sensory Systems

Tutorial and Senior Thesis

BIOL-300	Tutorial: Thesis Research
BIOL-304	Non-thesis Laboratory Tutorial Research
BIOL-311, 312	Senior Thesis: Critical Analysis of the Literature
BIOL-321, 322	Senior Thesis: Laboratory Research
BIOL-331, 332	Senior Thesis: Teaching Biology
